

INTRODUCES

# Brilliantly bright. Uncompromisingly pure.

## BEST NP Ultra-Pale Malt · The New Reference

A base malt that sets new standards in colour brightness — crafted from specially selected brewing barley using a particularly gentle malting process.

### THE PRODUCT

## BEST NP Ultra-Pale Malt

Made from specially selected brewing barley and a uniquely gentle malting process, BEST NP Ultra-Pale Malt sets a new benchmark in brightness. With a wort colour of just 2.0–2.3 EBC, it produces beers of exceptional clarity and brilliance — combined with a subtle, elegant malt character.

### Your Benefits

- **Exceptional brightness:** Wort colour 2.0–2.3 EBC for crystal-clear, luminous beers
- **High enzymatic power:** Diastatic power  $\geq 250$  wk — ideal as an enzyme-rich base for all beer styles
- **Outstanding shelf stability** thanks to the gentle malting process
- **Subtle malt note** without aroma dominance — maximum brewing freedom
- **Highly versatile:** up to 100% of the grist

## 2.0–2.3 EBC

Exceptionally bright —  
a new reference class

### SPECIFICATION

|                         |                    |
|-------------------------|--------------------|
| Wort color (EBC)        | 2.0–2.3            |
| Extract fine, d.b.      | $\geq 80.5$ %      |
| Moisture                | $\leq 4.9$ %       |
| Protein, d.b.           | 9.0 – 11.5 %       |
| Kolbach index           | 36 – 43 %          |
| $\beta$ -Glucan (65° C) | $\leq 350$ (65° C) |
| Shelf life              | 24 months          |

**Applications:** Premium Pilsner & Classic Lagers – Pale Ales & Light Lagers – Enzyme-Rich Base for Specialties
